Serial No. 09/718,411

June 4, 2003

In Reply to outstanding Office Action dated December 5, 2002

IN THE SPECIFICATION

In the specification, the Examiner requires a substitute specification in proper idiomatic English and in compliance with 37 CFR §1.52(a) and (b). Attached to this response is a substitute specification that is not believed to contain any new matter but instead makes the corrections requested by the Examiner. A marked-up copy of the original application with those changes is provided for the Examiner's review.
